

CAREERS NEWSLETTER

This newsletter is a collation of all the opportunities we have heard about from employers and universities. Please use the links included to read more information and apply to anything you are interested in. Links are underlined.

OPPORTUNITIES

Disability Pride Month takes place every July in the UK since 2015 and celebrates people with disabilities, their identities, culture and their contributions to society.

Did you know that employers can sign up to the Government's Disability Confident Scheme to showcase that they are an inclusive employer? The Disability Confident scheme has 3 levels that have been designed to help job seekers and employers on their Disability Confident journey. Employers must complete each level before moving on to the next.

Here are some other links that you may find interesting:

- The Top 7 Disability Inclusive Employers
- Grants and Schemes to help Disabled People into work
- Evenbreak - The only global disability job board run by and for people with lived experience of disability.

Thinking about your career as a series of static jobs is a thing of the past. By learning about your strengths, skills, and values, you can easily work out a pathway that's right for you. Take the CADI Career Cluster quiz here.

EDT running Virtual Insight into University course! It is a comprehensive Virtual experience for Students in Years 11-13 which allows you to explore STEM studies at TOP Universities including Degree Apprenticeships and the Career opportunities that these subjects can lead to. The course will run over 8 weeks, (30th June - 22nd August 2025) giving you the flexibility to complete it at your own pace and around other commitments. For full information and to apply click here.

EDT are running a parent and carer webinar on 17th July at 4pm for those interested in learning more about supporting their young person into STEM based careers. You can sign up here.

JOB OF THE WEEK

Midwife

A midwife is a healthcare professional specialising in pregnancy, childbirth, and postpartum care. They provide support, guidance, and care throughout the entire childbearing process, from antenatal care to postpartum care. Watch the video to learn more about how much you could earn, working hours and pathways into the industry.

LABOUR MARKET INFORMATION FACT

10% of respondents to the Early Careers Survey had already altered their career plans due to AI. Those who changed their plans because of AI were more likely to have felt uncertain about their careers (46%) compared with those who had not made changes (37%).

OPPORTUNITIES

Prospects Early Careers Survey 2025 reports the career aspirations and experiences of more than 4,000 students and graduates. The survey found that AI is quickly reshaping graduate career expectations, pushing many to rethink their paths. While 11% of graduates have already changed plans due to job displacement fears, AI is also creating new opportunities and empowering job seekers. This dynamic shift means graduates are not just reacting to change, but actively using AI tools to navigate and shape their future in an evolving landscape. Click [here](#) to read more.

We're sure your summer is filling up with exciting plans, but if you do find yourself with some free time, here are some things you can do to get ahead:

1. If you are currently finishing on a 2 year GCSE or A Level Programme, you can revise what you have learnt this year and/or begin pre reading for next years content.
2. Complete a [reflection journal](#) to consider your learnings from this academic year.
3. Make a list of new things you'd like to try next year, consider what skills you would gain from taking part in these things. For example, if you joined a team sport it is likely you would gain teamwork, communication and leadership skills.
4. Take part in a [Springpod Virtual Work Experience session](#).
5. Do a Social Media clean up... Did you know that nearly 70% of employers now routinely check candidates social media profiles?
6. Create a LinkedIn account. [Here is a guide from UCAS](#) to help you with this task.
7. Year 12s should consider doing a Personal Statement prep. You can draft bullet points of key experiences, achievements, and skills developed over the past year, ready for writing your [personal statement](#).
8. Year 10s should be preparing for college and sixth form open days. Review the courses you're interested in and create a list of questions you have. Year 12, you should be doing the same but for universities!

EMPLOYER SPOTLIGHT

"Network Rail's role is to run a safe, reliable and efficient railway, serving customers and communities. We're a company that is on the side of passengers and freight users; that is easy to engage with and is an efficient and dependable partner; a company people are proud to work for; instinctively recognised as an industry leader."

YEAR 7 & 8 STEM ROADSHOW ARTIFICIAL INTELLIGENCE

On Thursday, Year 7 & 8 students were able to take part in this year's STEM roadshow. MGA (Mark Greenop Associates Ltd) are proudly working in collaboration with BAE Systems, The Royal Air Force, and The Royal Navy to deliver an incredibly engaging and interactive theatre roadshow celebrating STEM across Britain and the theme of this year's show was Artificial Intelligence (AI)!

AI is already making a tremendous impact across the globe. The Roadshow introduced students to the topic of AI as a tool that can be embraced with just as much gusto as Google was all those years ago. We also heard about the various careers that AI is a part of, particularly engineering and digital engineering, which is a career path that anyone can choose to take.

The team demonstrated some already well-established AI tools and together with the students they created a hit new song, with lyrics, music and video, all using ChatGPT. They also showed students how to spot deep fakes and other dangers surrounding AI. Students were then introduced to the team's AI robotic dog, Lexi. Lexi is able to map her surroundings in order to avoid obstacles, she can dance, sit, jump and could even draw a heart to everyone!

It was a spectacular show full of surprises and insight that is designed to promote the safe adoption of AI tools in the public domain, today and tomorrow.

YEAR 9 ASK APPRENTICESHIPS AWARENESS ASSEMBLY

The ASK Programme have kindly rolled out their Apprenticeships Awareness programme to Key Stage 3, so today, all of our Year 9 students attended a virtual ASK Apprenticeships Awareness Assembly.

Mike from [ASK Apprenticeships](#) spoke to the students about what apprenticeships are and the other post-16 options available to them, including T-Levels. He gave students an overview of the opportunities available, the different sectors and levels that they could do and also introduced students to higher and degree apprenticeships.

Students also heard from Dan Evans who is currently completing a Level 7 Masters Degree Apprenticeship studying accounting. This gave students a real-life insight into what completing an apprenticeship can actually be like.

Finished Year 11 or Year 13 and want to find an apprenticeship?

Join ASK Apprenticeships to find out about what to do right now to start finding an apprenticeship. You haven't left it too late!

Date: Monday 7th July 2025

Time: 15:30 – 16:00

Duration: 30 minutes

Please register to join and receive the recording by clicking [here](#).

LOCAL APPRENTICESHIPS SPOTLIGHT

"Smart Meter Apprentice,
OVO Energy, Salisbury."

We're offering an exciting opportunity to start at Ovo and become a Smart Energy Engineer. As a Smart Energy Engineer, you'll be working at customers homes delivering a service we can be proud of and helping us achieve our mission of driving progress towards net zero carbon living.

Your apprenticeship will last for a minimum one year, during which time you will gain recognised transferable skills and qualifications.

As part of a 53 week Apprenticeship programme we'll support you through your initial 20 week training period, half of which will be spent at one of our top training academies.

You will work 42.5 hours a week and earn £22,825 per year."
