NATIONAL CAREERS WEEK 2024

Next week is National Careers Week (NCW) 2024 and our students will be taking part in a variety of activities during tutor time everyday. National Careers Week is a chance for students to focus on their careers guidance and education. It will help them to understand, realise and fulfil their career goals and to feel confident about the future and focus on what they need to do right now.

On Monday there will be an assembly hosted by our Careers Lead, Phil Sutton, where he will ask students to reflect on their careers education so far and think about what they need to learn in order to support their future career goals and aspirations.

Students will watch "[A Film about Hope](#)". This video was first launched by the NCW team in 2020 and really resonates with students and inspires them about their future.

There will also be an opportunity for students to explore with their tutor this year's virtual careers fair. This showcases five different companies in different industries and they will be able to explore the different job roles and hear from people who are employed by these businesses.

Click [here](#) to access all of these wonderful activities and experiences on the NCW 2024 website. This link will 'go live' from Monday 4th March 2024.
