OPPORTUNITIES

Recycle Week 2026 takes place from Monday 14th to Sunday 20th September 2026, with the theme "Rescue Me" focusing on rescuing recyclable items from the rubbish bin. Recycle Week is a great opportunity to think about how the choices we make today can shape a more sustainable future, and the careers that can help make it happen.

Recycling is about much more than putting the right item in the right bin. Behind it is a huge range of people and careers working to reduce waste, protect natural resources and develop new ways of reusing materials.

The Environmental Agency are running a virtual work experience opportunity. Students aged 13+ can explore Environment Agency careers, sustainability, flood and coastal management through interactive activities. The programme is self-paced and provides a certificate to add to CVs.

This online programme focuses on sustainable Careers in Forestry. It allows you to explore careers including forest ranger, nursery grower and forestry consultant. You will investigate conservation and sustainable woodland management while developing valuable employability skills including teamwork, communication and problem-solving.

The Heathrow Environmental Engineering Sprint is aimed at students aged 16+ who are considering a career within environmental engineering, and want to experience tackling a realistic sustainability and biodiversity challenge. This is a great opportunity to experience how engineering can help organisations become more environmentally sustainable.

Green Jobs for Nature (GJfN) is all about making careers geared towards restoring and replenishing our natural environment more visible and achievable for all those thinking about their future work. The Green Jobs for Nature website is focused on the 'nature' side of green jobs, specifically roles that directly contribute to managing, protecting and restoring our natural world.

The environment needs diverse perspectives and passionate individuals to pursue nature-focused careers. Could this be you? Take the quiz here.

JOB OF THE WEEK

Environmental Consultant

An Environmental Consultant helps businesses and governments follow environmental rules and reduce their ecological impact.

Competition for entry-level roles can be strong, but demand for environmental expertise continues to grow due to increasing regulation, net-zero commitments and the need for climate adaptation across the UK.
